

## What is **type / play / share**

Exhibiting the work of Rookledge's classic interational type finder. Extracts from the book will be exhibited in large format print at Bristol's Historic Spike Island from September 1<sup>st</sup> – 5<sup>th</sup>. Further dates for other UK locations coming soon...

We take the physical object and bring it to life. We extract it's contents to see what can be created.

Come and CHOOSE TYPE, SCAN, PRINT & PLAY with the pages from the book. Let your imagination run wild, CUT, PASTE, WRIP, SCRUNCH, THROW, PHOTO, LAYER, COLLABORATE.

EVERYONE can take part. SHARE, HANG & CAPTURE your outcome then SEND to [typeplayshare.com](http://typeplayshare.com) where your outcome will be projected and manipulated via live stream (which can be viewed within the gallery and online)

Outcome – A typographic response to Rookledge's Classic International Type finder. All work will be collated and showcased across the exhibition and as it travels the UK. A compilation of the outcomes will be produced and printed early next year.

**\*All paper provided is recycled from the location and local area. (please leave any scrap paper in the tray provided)\***
